

Semi-Structured Focus Group Questions

1. Please describe your overall feelings about your experience with the Level-Up Initiative curriculum.
 - a. (follow-up questions: What did you like? What was not value added? What would you change?)

2. To what degree, if any, did or will the Level-Up Initiative experience influence your experience in the clinical setting?
 - a. (follow-up questions: How did it mesh with your clinical setting experiences?)

3. What would the impact be if the Level-Up Initiative was no longer part of the curriculum?

4. What would that word be if you were to give me one word to describe your experience with the Level-Up Initiative over these past few months? (follow-up: Why did you choose that word? Can you give me an example?)

*Due to the Semi-structured nature of the interviews, follow-up questions will ask participants to expand on previous responses and offer further explanations of their intended message.
